## FROM CHAIRMAN'S DESK

At Baba Farid Group of Institutions (BFGI), we educate students to develop a knowledgeable society capable to meet the challenges of 21st century. For this we ensure effective curriculum delivery through innovative pedagogy and practical approach. We firmly believe that education is the key to a nation's progress; we take it as our bounded obligation to provide the best academic training a student can possibly get. The institution endeavours to equip the students with all the necessary knowledge and skills to become truly successful in the chosen field. We have created an ecosystem where creativity, innovation, research and entrepreneurship can flourish. We are constantly working to bridge the gap between Industry and Academia through Industry-Academia model of education to enhance employability of our students. Apart from imparting knowledge & skills, we groom all the abilities of students such as intellectual, aesthetic, social, physical, emotional and moral in an integrated manner to develop them as socially responsible citizens.

**I hope to see you at BFGI campus soon!**

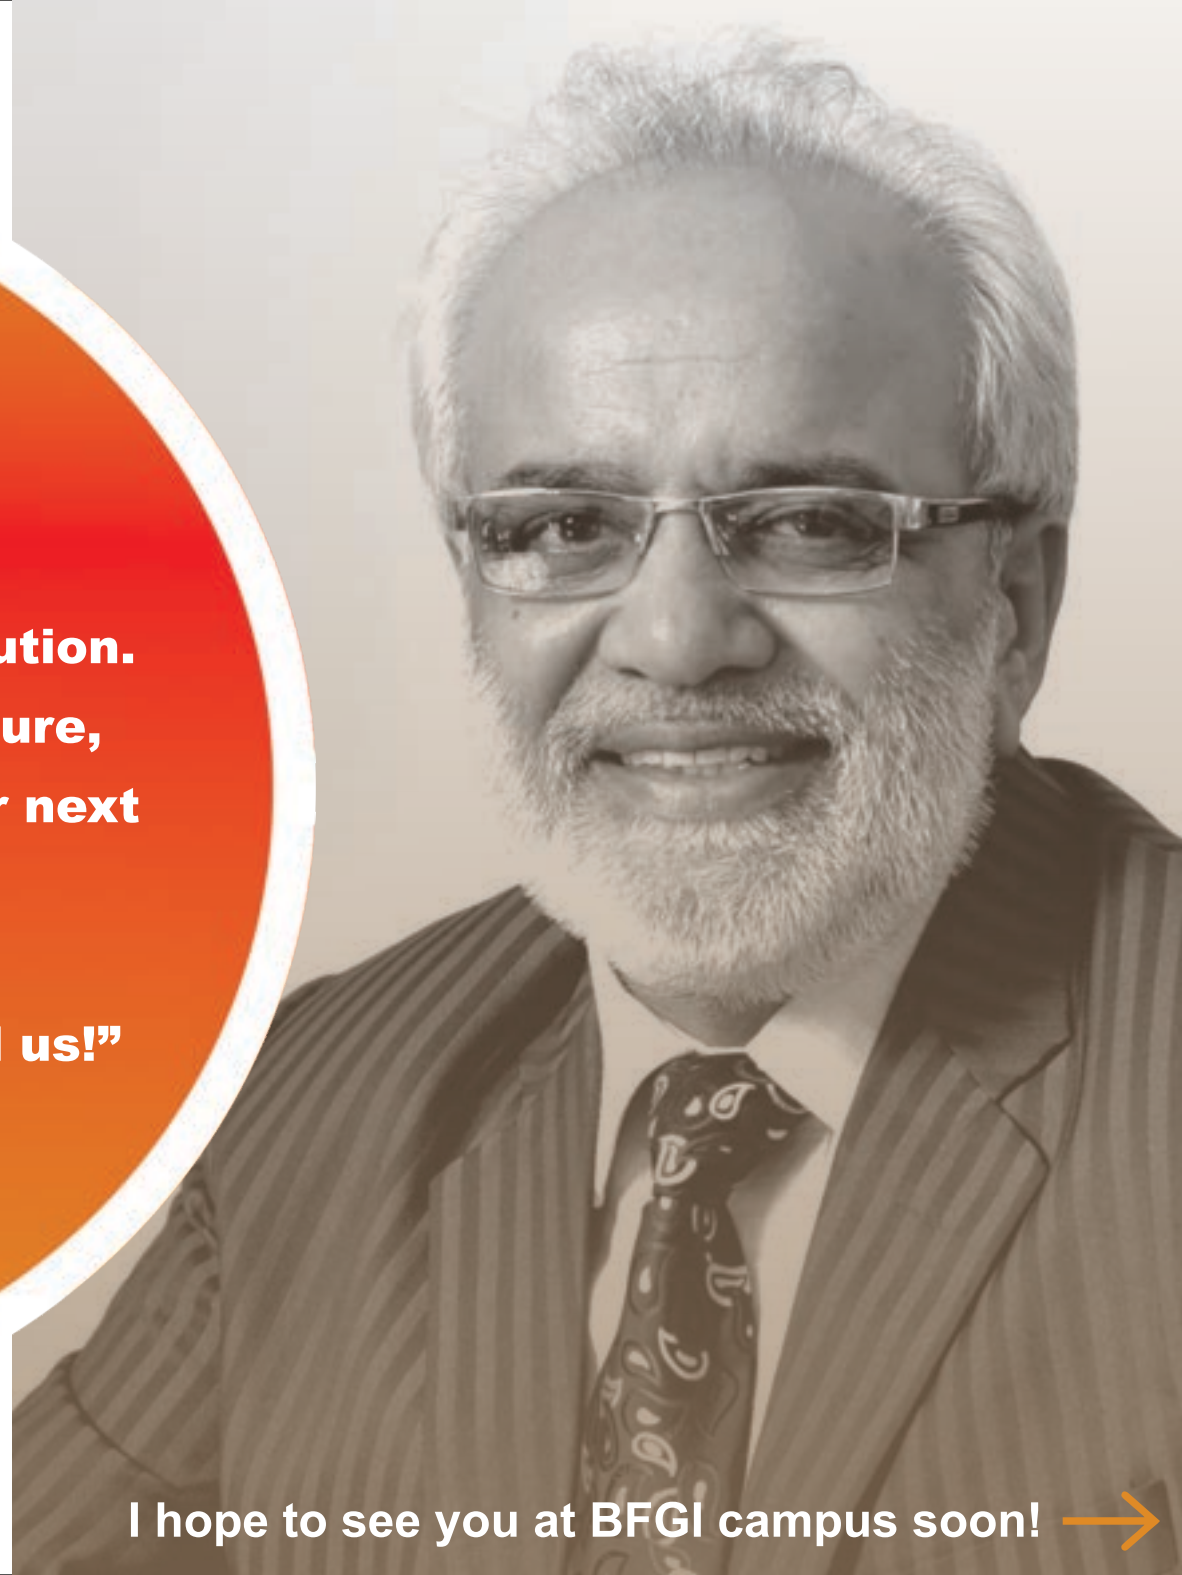

**DR. GURMEET SINGH DHALIWAL**

**As the Chairman of BFGI,  
I'd like to thank you  
for taking interest in our institution.  
If you've picked up this brochure,  
it's likely you are planning your next  
BIG MOVE.**

**"I'm so glad you've discovered us!"**

**I hope to see you at BFGI campus soon! →**

# WHO WE ARE?

Baba Farid Group of Institutions (BFGI), incepted in the year 1994 running under the aegis of Baba Farid Vidyak Society, is one of the prominent education hubs in India. Founded, led and managed by a reputed educationist of northern region, Dr. Gurmeet Singh Dhaliwal (Gyan Jyoti Awardee), this institution is delivering the academic excellence with complete panache. Being the Leading Educational Institute of the Region, it is a preferred destination of Indian as well as international learners to attain their career goals. At BFGI, we guide, consult, lead and prepare the students for ultimate success by inculcating knowledge, perfection, passion, and professionalism. We combine the academic foundations with the employee ready skills. Here you will receive the best of both the worlds: a deep, well-rounded education and the applied real-world skills necessary to achieve academic and career success.

**Join us and you too could be part of our world-class learning community!**

With the constant barrage of new advancements in the Technological sector, as an Educational Institution we have redefined ourselves by providing the practical platforms to our students with an aim to promote Research & Development, Employability, Skill Development and Entrepreneurship. It is an honour for us to be associated with some of the great multinational companies – which includes Microsoft, Oracle, SAP, HP, HCL, Nokia and many more. We are the only institute in the region to be associated with almost all the major industrial bodies of our nation like FICCI, CII, NSDC, ASSOCHAM, PHD Chamber of commerce, AIMA, NASSCOM etc. Since the inception of BFGI, we have been constantly striving hard to get Excellence and laurels in Academics, Sports & Extracurricular Activities. Till now every passing year has added a feather in our cap in the shape of bagging Merit Positions at State / University level by our students. Apart from Academics, our students have been successful in winning the Overall University Championship Trophies in highly competitive Youth Festivals and Sports Events organized at State/University levels.

# FACULTY OF ENGINEERING

Approved by AICTE & Government of Punjab,  
Affiliated to Maharaja Ranjit Singh Punjab Technical University, Bathinda  
Contact: 95011-15524, 525, 456 | Email: [principalbfcet@babafaridgroup.com](mailto:principalbfcet@babafaridgroup.com)

Faculty of Engineering has carved a niche in the field of education with excellence in Academics, Cultural, Sports and Technical Activities. It emphasizes on imparting practical skills to the students through live projects and hands on trainings to make them ready to take up the challenges in this transforming era of technical education. With the support of upto date labs, excellent infrastructure and well qualified faculty with Industry exposure, the FOE is committed to provide quality education. The main focus of FOE is on innovative research and providing education as per the need of today's Industrial scenario.

## TRUST THE PROCESS!

### ANOTHER PARADIGM SHIFT !

I am not from Tier 1 college of my country. But, when I started my journey in BFGI, I knew one thing that I was good at, which was Mathematics and Programming. But what to do with it was always a question. So BFGI became first place to give me a chance to show my potential. My teachers equipped me with the necessary skills and technical knowledge to enter the workforce with confidence to face challenges. It is thrilling to see the opportunity of working with world's most reputable employer: Google, my engineering program in BFGI has lead me towards.

I am forever grateful for the unforgettable conversations with my teachers and their constant guidance and counselling which have been truly life changing.

# "FOSTERING GLOBAL OPPORTUNITIES"

## Our Alumni

# MBA

Master of Business Administration

## ELIGIBILITY CRITERIA

Graduation in any stream with minimum 50% marks

## Our unique teaching pedagogy: 3E MODEL

We follow experiential learning pedagogy where practical and academic knowledge are given equal weightage. This makes our students corporate ready right from the early stages of their career.

### ENTITLE

### WORLD CLASS FACULTY

Our professors are not just esteemed academicians; they also have years of industry experience. They don't just repeat textbook content; they bring their years of experience in business into the classroom. Throughout your program, your professors will use their years of professional work to equip you with the latest knowledge and skills needed to succeed in today's competitive global marketplace

### ENGAGE

### STUDENT-CENTRIC ENGAGEMENTS

You will be exposed to opportunities such as live-projects, real-life scenarios, industry-led assignments, class presentation, field-trips, conferences, lectures by industry experts to attain educational goals and professional pursuits.

### EMPOWER

We empower learners with effective and systematic approach towards building their future through Entrepreneurship and Placement Cell that plan and implement various entrepreneurial & placement activities throughout the year. It's students are groomed to be young entrepreneurs & well rounded professionals. FBS's exceptional narrative in advancement of the careers of its students is amply showcased by the success of its alumni in the corporate world.

## HOW WE MEASURE SUCCESS

### LOADING ANOTHER SUCCESS STORY

As a proud alumnus of BFGI, I have connected with the caring and dedicated faculty who are truly invested in student success. I choose BFGI as I have always heard amazing success stories about their academic journey and professional success thereafter. In fact, so many of them have leadership roles in the industry which speaks volumes to the ground work made during their academic time at BFGI.

## WHEN YOU SUCCEED, WE SUCCEED

### SETTING ANOTHER BENCHMARK!

"Through the agriculture program, I was able to learn my strengths and build on my weaknesses. The program gave me valuable skills through placement and knowledge about agricultural services that has made me a successful agriculture inspector now. I am very fortunate to get into the field right after graduating and have been able to apply all that I've learned in my current position.

**BFGI represents an important step in my career path helping me to grow, not just as a professional but also as a global citizen, as a student, and as a human being"**

## **WHEN YOU SUCCEED, WE SUCCEED**

### **ALUMNUS OF DISTINCTION!**

"In BFGI, there is focus on theory and knowledge, which is great, but the experience in this college was much more practical and the courses were all skill focused. When I started working for Infosys, I realised just how applicable all of those skills were. BFGI has played an important role in my placement. On one side, the school of competitive studies helped me to crack the aptitude test, on the other end extensive mock interviews gave me the confidence to excel in final placement interview. I must mention that studying at BFGI, of course, served as a solid launching pad"

Finally, in your final semesters, you will interact with employers at various recruitment processes to start your dream job.

Highest Package  
13 LPA

Average Package  
5.2 LPA

# **LEARN FOR THE FUTURE YOU WANT!**

## **SETTING ANOTHER BENCHMARK!**

While deciding to pursue education, of course, the most important criteria for me were the quality of education, affordability, and the opportunity to find a job after graduation. For these reasons, BFGI was always in the top few options. Well, I can say that all my investment in my education at BFGI was one of the most well-informed decisions I have ever made.

# DEPARTMENT OF RESEARCH & INNOVATION

BFGI always promote the research culture in the emerging areas and strives to provide the necessary environment and facilities to nurture the creative minds. Through R & D policy, BFGI sponsors its faculty members to visit abroad to present a research paper. With the same aspiration, BFGI is providing Research SEED grant for its young & research-oriented faculty to research in their specific field.

BFGI has the subscription of the world's reputed journals from IEEE and EBSCO with the E-Books package of 1.6 Lac Books as well for faculty and students.

As part of knowledge transfer, BFGI organizes the FDP/Workshops/Seminars/Conferences which are funded by DST, AICTE, ICAR, CSIR, INSA, BRNS, National Commission for Women, Govt. of India, wherein many renowned scientists and industrial experts share their knowledge with faculty and students.

# BABA FARID SCHOOL OF ENTREPRENEURSHIP - AN INCUBATION CENTRE

## INCUBATION SUPPORT

Business/Technical  
Mentoring

Investors  
Connect

Business Plan  
Development

IPR  
Support

Entity  
Registration

Co-working  
Space

Baba Farid School of Entrepreneurship (BFSoE), an Incubation Centre is registered under the Societies Registration Act, 1860 to promote innovation and entrepreneurship. To accomplish its goal, BFSoE facilitates startups, enterprises, faculty and students by providing technical and business support & services.

To create an ecosystem of entrepreneurship BFSoE continuously interacts with various Government bodies and departments to organize various awareness programs such as Entrepreneurship Awareness Camps (EAC) in association with DST Govt. of India, seminars, conferences and Expert Talks. Boot Camps and Hackathons are organized to identify the potential innovations for further incubation. Every year Business Plan Competition with the name of Biz-Craft is organized by BFSoE in which the teams from all over India participate.

Incubation program of Baba Farid School of Entrepreneurship aims to support innovative business ideas having potential to transform into a successful ventures.

# BABA FARID SCHOOL OF SKILL DEVELOPMENT

BFGI along with NSDC has also partnered with different Sector Skills Councils to seek their support for connecting with Industry, Curriculum Development, Evaluation and Certification of Skills.

## BFGI's high end School of Skill Development is organized into 3 stages:

### DEMONSTRATION LABS

In the first phase, students learning happens through Demonstrations, 3D Simulation Techniques, 3D Gaming technologies, Models, Theories and Observations.

### INDUSTRY ESTABLISHED TRAINING CENTRE

In the second phase, students implement the knowledge acquired in phase 1 by bringing techniques learnt into practice. They are given case studies and industry assignments in the form of projects which they develop with the help of master trainers and technicians to get ready for the third phase.

### LIVE WORKSHOPS AND SERVICE CENTRE

In the final phase, students are put in real life situations while doing live repair, maintenance, assembling, disassembling and other live operations.

Ms. Amanpreet Kaur secured 3rd position under category of best "National Student welder Award" in National Women Welding League

Further in line with Skill India, we are organizing Skill Competitions from last three consecutive years in association with National Skill Development Corporation to give exposure to the students. As a result of our efforts, more than 100 students prepared themselves for IndiaSkills Competition and participated in District, State and National level Skill Competitions organized by NSDC, New Delhi. Among the participating students, 10 students of BFGI reached the regional level and they represented Punjab State. One of our students Mr. Roop Singh of B.Tech (CE) was selected after several rounds to represent North India in IndiaSkills Competition. The officials of BFGI have been visiting the World Skill competitions (Brazil in 2015, Abu Dhabi in 2017) with the delegation of CII.

# BABA FARID SCHOOL OF COMPETITIVE STUDIES

Talking about job readiness, employability & 100% placements, a lot of efforts have been made to make our technical students employable. However, making the students of other non-technical courses like social sciences & life sciences, employable, had always been a big challenge for the country. Nevertheless through our upcoming University model, BFGI intends to follow an integrated approach to ensure 100% employability across all the courses by setting up "School of Competitive Studies". It is one of the main pillars of our upcoming University model. Under this school, students are trained for various competitive exams of Government (State & Central) & Private sector for the position starting from clerical level to civil services positions such as IAS and PCS as per the ability and capability of the students.

We believe that a student, whether from Science stream, Arts, Commerce or Social Sciences, has to crack various competitive exams to enter a new world of ample opportunities and bountiful possibilities. So, we have to equip the youth with the latest know how and hone their technical as well as competitive skills so that they can compete in various spheres of business and industry, Civil Services, Banking sector, PTET, UGC NET, SSC, FCI, PUNSUP, Managerial, Industrial, Private and Government sector competitions & examinations.

# BABA FARID SCHOOL OF INTERNATIONAL STUDIES

## PATHWAY TO SUCCESS ABROAD

BFGI, is nurturing strength of more than 10,000 enrolled students in more than 50+ regular classes. BFGI has constantly taken exceptional steps to match up with global education standards and build sustainable, multidimensional relationship and partnerships that enhance the opportunities for students to study, research and be employable in any part of the world. Our flagship initiative " Baba Farid School of International Studies" would promote competitiveness among the students. Our motive is to develop students holistically, especially based upon international job markets, so that they transcend national boundaries and have worldwide learning opportunities and cross-cultural understanding.

### LEARN WHAT YOU NEED TO SUCCEED ABROAD

**SATINDER SINGH  
ST. LAWRENCE COLLEGE  
TORONTO**

## **TRAVEL THE WORLD!**

### **TRANSCENDING NATIONAL BOUNDARIES**

What I have enjoyed the most while preparing for IELTS is the care of my trainers about how I was performing within the course, rather than just giving out the information and letting me absorb it however I wanted. My continuous evaluation has helped me to work on my weakness. No matter how many times I asked doubts from my trainers, they always responded politely. I believe it's because of their hard work, I could fulfill my dream to study in loyalist college, Toronto after scoring 7 Band in IELTS. Before boarding the flight, I was well acquainted with professional opportunities in Toronto to bear my overhead expenses.

**“BFGI will always have a special role in my life as it has helped me to put up the first step towards success”**
